

Baltimore Harbor TMDL Stakeholder Advisory Group

Data and Modeling Subgroup Agenda

June 27, 2002 (9:00 – 12:00)

Watershed Models

Maryland Department of the Environment

2500 Broening Highway

410-631-3077

<u>Topics</u>	<u>Schedule</u>
General Introduction	9:00 – 9:15
Nutrient Watershed Model	9:15 – 10:00
Break	10:00 – 10:15
Toxics Watershed Model	10:15 – 11:00
Report review/Q&A	11:00 – 12:00

The goal of this meeting is to present stakeholders with a complete and thorough review of the models used to approximate the watershed loads into the Baltimore Harbor and its tributaries. To this end, this meeting will focus on the watershed component of the TMDL effort. The data collected for other modeling efforts (e.g., water quality, hydrodynamics) will be presented in subsequent meetings.
